Place: LAT

Please cancel this action for FMC Corporation. This is not a financial assurance action, but the annual statement for a trust account. It shows the account going to zero balance, which is correct per the licensing documents from Nov and Dec 2004. Licensing action at that time involved superceding the \$750,000 trust agreement with a letter of credit for \$1,125,000. This statement shows the closure of the trust, and should be a document added to the docket financial assurance file.
