Delivery Order No. NRC-33-03-342-005 Task Order No. 9 Modification No. 4 Page 2 of 2

The purpose of this modification is to provide for a downward adjustment of the task order ceiling amount to reflect a decrease in the level of effort in accordance with the enclosed revised cost estimate and the contractor's e-mail dated January 11, 2005. The decrease in the level of effort for the two-year base period is based on a lower rate of expenditures than anticipated during the first year. As a result of this action, the ceiling amount is decreased by \$12,609.70 from \$30,633.45 to \$18,023.75.

Accordingly, the following changes is hereby made:

The fourth and fifth paragraphs of the definitization letter dated, September 30, 2003, are deleted in their entirety and substituted with the following in lieu thereof:

"The period of performance for Task Order shall commence October 18, 2003, and expire October 17, 2005. The total cost ceiling for the two year period is \$18,023.75.

The amount presently obligated with respect to this task order is \$18,000.00. The obligated amount shall, at no time, exceed the task order cost ceiling of \$18,023.75, for the two year period. When and if the amount(s) paid and payable to the Contractor hereunder shall equal the obligated amount, the Contractor shall not be obligated to continue performance of the work unless and until the Contracting Officer shall increase the amount obligated with respect to this task order. Any work undertaken by the Contractor in excess of the obligated amount specified above is done so at the Contractor's risk."

A summary of obligations for this task order from award date through the date of this action is given below:

Total FY'03 Obligation Amount\$ 3,000.00 Total FY'04 Obligation Amount\$15,000.00

Cumulative Total of NRC Obligations: \$18,000.00

There is no funding activity for this task order modification.

All other terms and conditions under this task order remains unchanged.
