Dear Mr. Nelson:

This letter is to express my appreciation for your support during the 2005 Regulatory Information Conference (RIC). I have received many positive comments regarding this year's Emergency Preparedness Breakout Session. Your presentation on the industry's emergency preparedness post-9/11 initiatives was particularly informative. Also, your participation in the question and answer portion of the session is greatly appreciated.

We have updated the RIC web site to include the slides, speeches/presentations from RIC 2005. We will also be adding the responses to unanswered questions to the web soon. Later this year we will post an on-line stakeholder suggestion form for planning RIC 2006.

Again, we appreciate your contribution to making this year's Emergency Preparedness Breakout Session a success.

Sincerely,

/RA/

Division of Preparedness and Response
Office of Nuclear Security and Incident Response
