Hi Dick,

I oppose renewing the license on the Millbrook Nuke. I feel it threatens the safety and security of Eastern Long Islanders. I am a US Citizen that votes.

The Clean Water Act mandates permit holders to obtain five-year permits so that every five years they will have to demonstrate that they have implemented best available technology to reduce or eliminate pollution if they want their permits renewed. Millstone has been able to get away with operating with non-updated technology an extra five years.
