TJ:

I was just up talking with Patti Tressler and Pam about when they thought that the "adjusted GT" would be coming down to us (see Bill Dean's e-mail to me).

They indicated that since I already provided them a copy of our "allegation acknowledgment letter" dated June 4, 2004, that we have adequately responded to the GT and that there will not be any additional revisions or "adjustments" to GT20040361.

Therefore, could you please check that out for us to see if that GT should be closed??

Thanks,  
Joe
