Ray Ford from NYC Radiological Health confirmed today that the licensee listed below is authorized to receive the sources.

>>> Sandra Gabriel 03/26/05 03:59PM >>>

One of our licensees transferred manual brachytherapy sources to The Brookdale University Hospital and Medical Center in Brooklyn, NYC license 91-2841-01.

Would you please ask NYC to confirm that this licensee is authorized to receive these sources? Our licensee submitted only the license number, not a copy of the license.

Thank you.
