Ms. Modes,

I tried to call and realized you'd be out all week - enjoy your vacation! After several phone calls and emails, I finally was able to get the information you need. First of all, the original information I gave you was incorrect, and I will send a corrected letter Monday or Tuesday, as soon as the owner reads me all pertinent information off the label.

The Gauge system is the 3660, however no SDR number exists for it. The source housing is the Model 7062. The SDR is IL-412-D-821-B, issued to Rosemount on 10/19/1990. As stated above, I will verify this information with the owner prior to taking any further action. Please accept my apology for the confusion.

Thank you,

Ms. Modes-

I am still tracking that down; might be Monday before anyone with any answers calls me back. As soon as I get it I will send it on to you. Thank you for all your help, and have a great weekend.
