Dear Ms. Modes:

Per your telephone request, please find the enclosed certificate of training. I attended hands-on gauge user training at Thermo Electron's Round Rock, TX facility in order to comply with the remaining outstanding item regarding Philotechnics' request to name me as the Radiation Safety Officer. I trust you will find the enclosed certificate acceptable.

Additionally, for the sake of convenience we have decided to continue to receive official NRC correspondence at our Clairton, PA facility. Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Glenn R. Marshall". The signature is written in a cursive, flowing style.
