SUBJECT: NRC INSPECTION REPORT 999-90004/05-006

Dear Mr. Hernandez:

This letter refers to the safety inspection which began on July 8, 2003, at your facility located in Hollywood, California. The inspection was an examination of activities conducted as they relate to safety and compliance with the Commission's rules and regulations. Within these areas, the inspection consisted of selective examination of procedures and representative records. A final telephonic exit briefing was conducted with you on April 6, 2005.

Within the scope of the inspection, no violations or deviations were identified: therefore, no response to this letter is required.

As discussed with you during the exit briefing, distribution of byproduct material to persons exempt from Regulatory authority can only be made by persons who have a specific license from the Commission authorizing such distribution to persons exempt from the requirements for an NRC or Agreement State license.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/Adams.html>.

If you have any questions concerning this inspection, please contact Mr. Larry Donovan at (817) 860-8140 or the undersigned at (817) 860-8287.

Sincerely,

/RA/
