Dear Mr. Bryant,

You indicated that Mr. Michael Bray has similar experience in working with radioactive materials as you. In order to name Mr. Bray as an Authorized User on the license, I will need specifics. Please indicate if Mr. Bray has worked with Fe-55, Kr-85, Sr-90, Pm-147, and Am-241 gauges.

I think you told me before, but I need to confirm: you do not wish to name Mr. Liebmann on this license at this time? If you would like to add him as an Authorized User, please give me his specific training and experience working with radioactive material in fixed gauges.

Please reply to this email as soon as possible. I am on a short deadline.

Thank you.
