<b>Person Called:</b> Palma Sorrentino, Chief Nuclear Medicine Technologist	<b>Licensee:</b> X-Ray Associates, P.A.	<b>Telephone No.:</b> 732-240-1400

<b>Subject:</b> Authorized users.		
<p><u>Summary:</u> I spoke with Ms. Sorrentino and explained that when the renewed license is received, they should examine the document carefully. They requested that Jeffrey Friedenber, M.D. be put on the license as an authorized user. The basis for the request was that the physician was listed on NRC License No. 29-14966-01 as an authorized user. I examined the document and did not find Dr. Friedenber listed and told Ms. Florentino that should they want Dr. Friedenber listed on the license, they could but they would need to submit other documentation of his training and qualifications. All of the other physicians were listed for the authorizations listed on NRC License No. 29-14966-01 except for Janet Spector, M.D. and Mario Arredondo, M.D. They are listed as authorized for 10 CFR 35.100, 200 and 300 except thyroid carcinoma.</p>
