Dear NRC:

Re: License No. 29-20974-01 03022173

This letter is being submitted to you to request certain amendments to our current NRC Byproduct Material License. Our current license, Amendment #13, dated September 29, 2004, due to expire on June 30, 2012, describes our current program. Please make the following changes to that document:

- 1) Delete **Item E., depleted uranium**, from our byproducts, source and/or special nuclear material program for **all authorized users** covered by our current license. We no longer possess this radioactive material. Our most recent amendment deleted Cesium-137, and documentation of its disposal was presented at that time. The two Cs-137 point sources had been used in our ADAC Vantage Gamma Camera System for PET Coincidence Scanning. Each point source was enclosed in a beam shaper, constructed of Depleted Uranium (30 pounds each). Our inventory paperwork indicates the receipt and disposal of Cs-137 but does not separately mention the Depleted Uranium since it was integral to the source package. Accordingly, there is no separate documentation of the disposal of the Depleted Uranium.
- 2) Delete **Arthur L. Fein, MD** as an authorized user under this license. Dr. Fein has retired from the group.
- 3) Add the following new authorized user:

Barry D. Julius, M.D.

Certified by the American Board of Radiology and Diagnostic Radiology.

Requested authorized use: 35.100; 35.200; 35.300 except thyroid carcinoma;
35.500.

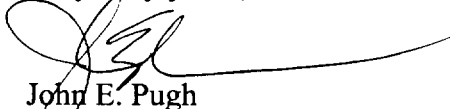

Board certificates for Dr. Julius have been enclosed for your review.

To Whom It May Concern:

Re: Barry Julius, MD

Please be advised that **Barry Julius, MD** has completed his internship in Internal Medicine at Beth Israel Medical Center.

He received 12 months credit for his training while at Beth Israel Medical Center. His training was initiated on July 1, 1998 and was completed on June 30, 1999.

His overall performance was satisfactory.

If any further information is needed, please contact my office at (212) 420-4012.

Thank you.

Sincerely,

Katherine A. Hawkins, MD
