Subject: Clinton, IL reactor

I'm writing to express my disapproval of a new nuclear reactor at Clinton, IL. This country's ability to manage nuclear waste in a responsible manner has never been demonstrated. In fact, THERE IS NO SAFE WAY TO DISPOSE OF NUCLEAR WASTE. Also, transportation of spent nuclear materials is not secure, the materials might be used to make dirty bombs, and the reactors themselves remain terrorist targets.

Please do not approve another nuclear reactor in Illinois-or anywhere else for that matter.

Thank you.
