Dear Mr. Lindsey:

In order to help both Agreement States and the U.S. Nuclear Regulatory Commission (NRC) remain knowledgeable of each other's programs and to conduct planning for the next Integrated Materials Performance Evaluation Program (IMPEP) review, the IMPEP process includes holding one-day periodic meetings with Agreement States between IMPEP reviews. In accordance with the Office of State and Tribal Programs (STP) Procedure SA-116, we request a meeting, no longer than one day, to discuss your Agreement State Program and share programmatic information.
