Gentlemen,

Attached is a copy of PPL's submittal to the NRC and NRC's response to PPL's request to use Privatel Model 960v. PPL needs to know whether the NRC's response is correct or incorrect. The NRC's response states that the Privatel Model is validated to FIPS 140-2. Based on the numerous e-mails that have gone back and forth, it appears that this is an incorrect statement. If that is the case, the NRC's response needs to be revised. Because the NRC response is incorrect, PPL is stuck until this is resolved. To date, I have not been successful in getting this resolved. Could either of you please give me a call at (570) 542-1791 so we can resolve this issue. Thank you in advance.
