SISP Review Complete

DR-01-0078 Modification No. 5 Page 2 of 4

The purpose of this modification is to:

- (1) provide incremental funding in the amount of \$7,000.
- (2) change the deliver schedule as follows:

	OLD	NEW
DELIVERABLE	DATE	DATE
Production Release 1.0	9/10/01	9/24/01

The NRC Program Office change in the delivery schedule will allow Contractor staff and NRC staff to remedy and re-test items identified during LSN testing in an orderly and comprehensive manner. This schedule change will not have a critical effect on LSN operations because a recent Commission rule change has moved back the date upon which parties must make their HLW information available for search and retrieval using the LSN. This change is at no additional cost to the government, as supported by Mr. Dierbeck's e-mail message dated September 6, 2001, to the Contacting Officer, Mr. Donald King, in which GRCI accepted the change in delivery schedule and confirmed that this change would be at no additional cost the the government.

Accordingly, the task order is modified as follows:

 Under Subsection A.2 CONSIDERATION AND OBLIGATION, the obligated amount is increased by \$7,000 from \$2,165,000 to \$2,172,000. Therefore, the first sentence of paragraph (b) is deleted entirely and the following is substituted in-lieu thereof:

"(b) The amount presently obligated with respect to this contract is \$2,172,000."

(2) Under Section A.3 - Description/Specifications/Work Statement Licensing Support Network (LSN), paragraph 5 SCHEDULE OF DELIVERABLES (Project Start 12/15/00) is deleted entirely and the attached is substituted in-lieu thereof:

A summary of obligations under this deliver order, from date of award through this modification, is given below:

Total FY 01 obligations	\$2,172,000
Cumulative Total of NRC Obligations	\$2,172,000

This modification obligate \$7,000 in FY'01 funds.

All other terms and conditions remain unchanged including the ceiling amount of \$2,504,095.
