

NOTE TO FILE  
Docket No.: 70-3103

**SUBJECT: TELECON WITH R. KRICH RELATED TO THE PREPARATION OF AN ENVIRONMENTAL IMPACT STATEMENT FOR THE LOUISIANA ENERGY SERVICES PROPOSED NATIONAL ENRICHMENT FACILITY**

I called Mr. Rod Krich, Vice President of Louisiana Energy Services, L.P. (LES), related to the environmental review for the proposed National Enrichment Facility (NEF). I asked what percentage of the proposed NEF production had been contracted with U.S. nuclear utility companies. Mr. Krich stated that, based on signed contracts to date, at least 70% of the production from the first 10 years of operation of the proposed NEF has been so contracted. In addition, Mr. Krich confirmed that this information is publicly available.
