Re: Additional information to Renewal of License #~~06-28274-01~~ Mail Control # 136716.

Dear Sir or Miss:

In the license renewal documentation for our offices, we had forgotten to include a new physician as an authorized user on the license. Please add Daniel T. Price, MD, for the byproduct materials we are using in the offices. I am enclosing a revised Page 4 to the renewal documents, and copy of certificate #3013 from the Certification Board of Nuclear Cardiology for Daniel T. Price, MD.

Should you have any questions or require additional information regarding the nuclear cardiology imaging service please contact Dr. Prescott Wiske at 203-789-2272.

We appreciate your efforts to process this amendment and we look forward to a continued safe and effective materials program. Thank you.

Respectfully submitted,

Peter J. Mas, MS, DABMP
