Subject: Re: Dates for expert panel

I do not think we should have the meeting on May; according the sched from David, we have to have this wrapped-up and have the letter report ready by May 9. Let's do it before April 10

Eva,

Listed below are dates that Alan K. and I can participate:

Week of Mar 29 anytime

Week of April 5 anytime

Some days the week of May 5 (depending on whether and when we have to brief

ACRS full committee on some other work we are doing)

Week of May 17

As you can see, much of April is already filled and after that we getting pushed pretty far into May.

John
