**Subject:** Fwd: Revised Dingell Markey GT Resource Matrix

John and Alan:

We have to prepare a response for item 3b in the matrix indicating activities for responding to Congressional comments on the fire rule making.

I think that we have it ready via the references in the letter report. Let's talk about it next week

**Subject:** Fwd: Revised Dingell Markey GT Resource Matrix

The response to 3b has us both listed, but I believe that RES should take the lead (I have only the Sandia Letter Report to provide, while you should have more via Alan and John). You may also want to ask Prasad to supply info. Let me know if you're OK with taking the lead on 3b.

**Subject:** Revised Dingell Markey GT Resource Matrix

Folks,

Attached find the revised resource matrix. Please let me know if there are any errors or revisions needed.

- I am recommending a due date of April 23rd or 30th for completion of the entire response.
- For a timely response, individuals from DIPM, OE, and OGC as well as any available interns should be added to support this effort. - Solorio/Hannon
- A set of Q&As should be prepared and made available to the Regions - Mensah/Burnell/Jasinski
- The Gunter yellow ticket should be combined with this effort to avoid duplication of effort - Solorio/Hannon
- This letter should be forwarded to the OIG next week - Brown
- OCA should be contacted regarding the parsing of the response - Brown

One housekeeping issue, to date I have been unable to locate a ticket number or a TAC for this effort, I will be in contact with PIMB for controlled correspondence to determine whether one has already been opened or whether I should open a TAC.

If there are any questions or comments please feel free to give me a call.
