Attached is the wish list we discussed for the types of fire manual actions and the expert panel. Until you indicate otherwise, we will assume that the NRC will be trying to identify and enlist the participation of the expert panel. But just let us know if you need us to help in some way.

By the way, we had the thought that if Gareth has the time, given his background in PRA, HRA, and general power plant experience etc. he would probably be a good choice for the panel.

Thanks, John
