Subject: RE: Materials for the FP RG

Hi Jim,

Would probably be best if you could send them to us. Is it possible to send us each a set? I assume you will send by Fed Ex? If so,

Send Alan's to [redacted]

Alan Kolaczowski
[redacted]

EX 6

Send mine to me at:

Sandia National Labs
MS0748
1515 Eubank S.E.
Albuquerque, NM 87123-0748
phone: 505-844-0578

If sending other than by FED EX, please let me know. I will need to give you a different address.

Also, if getting two sets is a problem, then send to me and I will make a set for Alan.

Looks like I will see you Thursday or Friday.

Thanks, John

Hi John:

I've been collecting a variety of sources for you and Alan to use in support of preparing the RG. Should I send them to you or, if you're going to be here this week, should I give them directly to you? The stuff will be about 6/7 inches worth, several NUREGs/etc.

Jim
