Dear Mr. Crane:

On April 19, 2005, members of the NRC staff had an informational conference telephone with representatives of Exelon Generation Company, LLC (EGC) and Public Service Electric & Gas Company (PSEG) regarding the requests for license transfers dated March 3, 2005, and March 8, 2005, respectively. A brief second telephone call was held on April 21, 2005. As a part of the conversations, EGC and PSEG agreed to provide the following information to the NRC:

1. identification of the Securities and Exchange Commission filings that contain the information specific to the merger,
2. confirmation that there are no intermediate companies above EGC in the new corporate structure other than Exelon Ventures,
3. confirmation that the Exelon Nuclear Group is a business unit rather than a separate company,
4. an organization chart showing the relationship between the Exelon Nuclear Group and EGC,
5. all information as described in 10 CFR 50.33(d)(3) for EGC, Exelon Ventures Company, and Exelon Electric & Gas Corporation to the extent not yet provided,
6. the assumptions that were used in the development of the projected income statement, and
