Dear Sirs:

Per the telephone conversation that Stephen A. Simpson, Radiation Safety Officer, had with Jim Pearson, U.S. Nuclear Regulatory Commission on April 14, 2005, Iowa State University is requesting the termination of our approval in Docket # 71-0813. We no longer have a research reactor or a use of Type B packaging and for these reasons, we request termination of our approval.

Sincerely,

A. David Inyang, Ph.D.  
Director
