Subject: Request for Changes to License No. 01-³⁰³⁶²~~30382~~-01
MAM

Dear Mrs. Janda:

As we discussed recently on the telephone, I am writing to request two changes to USNRC License No. 01-~~03382~~-01 for the Eastern Technologies, Inc. (ETI) facility to be constructed in Pennsylvania.

³⁰³⁶²
First, as we have discussed several times, ETI has had to pursue a location different than the location and address described in our license application and included in the referenced license. We have recently purchased property located on the Susquehanna River near Point Township, PA. Therefore we request that the facility address stated in Item 10 of the license be changed to 3114 Point Township Drive, Northumberland PA, 17857.

Please note that there are no substantial changes to the facility design in terms of the types of equipment and design features to be included in the facility.

Second, it is requested that the Authorized Uses described in Item 9 of the license be revised to clearly state that the license authorizes the collection, treatment and decontamination of single-use, polyvinyl alcohol (PVA) based protective clothing and other PVA non-apparel items, as described in our initial license application.

Please let me know if you have any questions regarding these requested changes or if you need additional information.

Thank you for your attention to this matter.

Sincerely,

Mark Fellows
Vice President
Eastern Technologies, Inc.
