Memo To: Radiation Safety Officer
From: Chief Executive Officer
Subject: Delegation of Authority

You, Dr. Barry Monfore M.D., Radiologist, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the radiation protection program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified by radiation safety. You are required to notify management if staff do not cooperate and do not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time.

I accept the above responsibilities,

Barry Monfore M.D., Radiologist
Radiation Safety Officer

James D.M. Russell
Chief Executive Officer

Date: April 26th, 2005

Date: April, 26th, 2005

NOTE: See attached, typical duties and responsibilities of the Radiation Safety Officer.

The Radiation Safety Officers duties and responsibilities include ensuring radiological safety and compliance with NRC and DOT regulations and the conditions of the license.
