SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Mr. Peters:

In NRC form 314, "Certificate of Disposition of Materials" you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license. The NRC staff has reviewed your final status survey and based on its review of the information you provided supporting your termination request, we conclude that all licensable radioactive material has been removed from your facility.

Based on these conclusions, no further remediation or actions with respect to NRC regulated material is required. Your facility is suitable for unrestricted use and NRC license number 22-24646-01 is hereby terminated.

If you have any questions, please call me at (630) 829-9873.

Sincerely,
