Dear Mr. Robertson:

In order to help both Agreement States and the U.S. Nuclear Regulatory Commission (NRC) remain knowledgeable of each others' programs and to conduct planning for the next Integrated Materials Performance Evaluation Program (IMPEP) review, the IMPEP process includes holding one-day periodic meetings with Agreement States between IMPEP reviews.

In accordance with the Office of State and Tribal Programs (STP) Procedure SA-116, we request a meeting, no longer than one day, to discuss your Agreement State Program and share programmatic information. This letter confirms that, after previous coordination, the meeting is scheduled for July 12, 2005, and will be held in your offices. In addition to myself, John Zabko, Office of State and Tribal Programs, assigned as Project Officer for Kansas will be the other NRC representative in attendance.
