Dear Ms. Murnahan:

Please expedite my request for an address change. The physical location of the clinic has not changed. We are requesting an expedited processing due to the sudden nature of the address change, and also for the community need. This nuclear medicine clinic is the only clinic in Post Falls, and the only nuclear medicine service at the medical complex, which includes a hospital. Thus, there is a great community need, and a great need by the attached hospital which does not have any other nuclear medicine services available.

Thank you very much for your help.
