Geoffrey,

The comments have already been entered into the record. However, for the 106 process it would be helpful to have a correct location for the property; so please provide the correct location (email, fax to 301-415-5398, or mail to my attention, MS T7J8, US NRC, Washington DC 20555-001).

I'll also forward your request to Yawar as he has been handling that aspect.
Matt

Hello, Matt--a couple of questions.

First, would there be an opportunity to give you a corrected version of my scoping testimony before it is published or added to the record? Trying to make the deadline, a few typos crept in that irritate me. I also have learned that I made one material error related to the identification of one location. I'm faultless in this (I reproduced an error made by many past scholars), and it does not affect my argument, but I'd like the chance to correct myself if possible.

Second, if you are making hard copies of the USEC filings available to potential interveners, please add me to that list. I intended to request this at the scoping hearing but somehow neglected to hand over the request form.

Thanks much,

Geoffrey Sea
