FOIA REQUEST

Dear FOI Officer,

Observant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request and seek access to any and all data, documents, and information pertaining to national High-level waste operation pollution levels, as well as plans for funding and abatement of nuclear leakage and pollution. Let all information requested pertain to the time period between the dates of 01/01/1990 and the present day of reception of this letter.

Please waive any applicable fees. The release of this information will benefit personal, group, and thus societal interest, as the request is for the purpose of education and in the name of higher learning. Any possibly transmittable data, documents and information will allow me to have a better understanding of the activities and operations of the NRC.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I also ask that you release all segregable portions of otherwise exempt material.

Because I am making this request as a policy student, the transmittal of this information is of timely value. I would greatly appreciate your communicating with me by telephone, rather than mail, if you have any questions pertaining to this request. The best available number to call me at is [REDACTED]. Please leave a message if I am not present.

I anticipate and look forward to your reply within twenty (20) business days, as the statute decrees.

Thank you for your assistance.

Sincerely,
Stephen Richard
