SUBJECT: BELL LABORATORIES, AMENDMENT NOT NEEDED, CONTROL NO. 136884

Dear Ms. Sasnett:

This is in reference to your letter dated April 8, 2005 informing us of your intent to deactivate laboratory space 1F-101F, currently authorized for use pursuant to License No. 29-00170-03. If this notification is required pursuant to 10 CFR 30.36(d), you must begin decommissioning immediately or submit a decommissioning plan within 12 months of your notification to us. If you wish to have the building in which this laboratory is located removed from the list of authorized locations on your license, you may submit the final status survey results for this laboratory, and any other laboratories in which licensed materials were used in the building, with a request to amend your license. Otherwise, pursuant to 10 CFR 30.35(g), you may keep your survey records of this laboratory in your required records of information important to the decommissioning of your facility, and this area can be released for unrestricted use at a later date when you cease activities in the entire building or terminate the license..

If you have any questions or concerns, please contact Farrah Gaskins at (610) 337-5143.

Sincerely,

Original signed by Elizabeth Ullrich
