SUBJECT: OLD DOMINION UNIVERSITY, REQUEST FOR ADDITIONAL INFORMATION
CONCERNING FINANCIAL ASSURANCE DOCUMENTS, CONTROL NO.
136573

Dear Mr. Krepp:

This is in reference to your letter dated February 24, 2005 providing financial assurance for decommissioning for Nuclear Regulatory Commission License No. 45-09599-03. In order to continue our review, we need the following additional information:

In addition to the financial instrument and supporting documentation, all licensees who are required to provide financial assurance must prepare a certification of financial assurance as described in NUREG-1757, Volume 3, Part II, Section A.2.2. The Model Certification of Financial Assurance is enclosed with this letter. Please use this to develop your certification of financial assurance and submit it to us.

Current NRC regulations and guidance are available at the NRC web site at <http://www.nrc.gov/materials/miau/mat-toolkits.html> and <http://www.nrc.gov/who-we-are/governing-laws.html> or by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 9:00 p.m. EST, Monday through Friday (except Federal holidays).

Also, please note that your application should have been signed by a management representative rather than the Radiation Safety Officer, to indicate that management has reviewed the application and concurs in the statements and representations contained therein. Note also that a management representative should sign all future correspondence that requests a change in your license

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 136573. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5040.

D. Krepp
