Radioactive Materials License # 21-26707-01MD
Radioactive Materials License # 24-32462-01MD

Dear Ms. Casey,

As Corporate Radiation Safety Officer for GE Healthcare, I would like to delegate authority for all matters pertaining to GE Healthcare's Radioactive Materials Licenses listed above.

Emile Poisson, Mid-West Pharmacy Regulatory Assurance Specialist has management approval to sign and submit license amendment requests to the Materials Licensing Branch of the U.S. Nuclear Regulatory Commission Region III on behalf of GE Healthcare.

GE Healthcare understands that license renewals must be signed by a representative of upper management.

Should you have additional questions, please feel free to contact me at 609-514-6647.

Sincerely,

Richard A. Hughes
Corporate Radiation Safety Officer
Director, Pharmacy Regulatory Assurance
