Licensee/Applicant Participant(s):	Organization:	Telephone No.:	
Michael Todd, Senior Associate	Johnson, Mirmiran & Thompson, Inc.		
Person(s) Calling: Sattar Lodhi			
Subject: Storage Location			
<p>Summary:</p> <p>The licensee moved from its authorized location at 9011 Arboretum Parkway to a nearby facility at 9201 Arboretum Parkway, in Richmond, VA. The request did not specify if the storage location is also changed. I called Mr. Todd to verify if storage location is also changed.</p> <p>Mr. Todd stated that their gauges are being used in West Virginia, and are stored there at the temporary job site, and they never stored the gauges at their previous location at 9011 Arboretum Parkway. I asked him if the gauges will be stored at their current location after completion of job in West Virginia. He stated that after completion of the job, they will be transferred to their head quarter in Maryland and stored there. He also stated that they do not use these gauges in Virginia job sites because Virginia DOT provides the gauges.</p> <p>I told him that I need to list a permanent storage location on the license. He stated that they have a secured room at this location and the gauges will be stored there if there is ever a need to store them at this location.</p>
