| <p>Summary:</p> <p>While reviewing the previous amendment 3 to license number 47-25168-01, it was not clear that the SAIC Model Number DGA-410 device was still in the licensee's inventory. The application did not reference Ba-133 nor was the device included on the inventory provided in the application. However, the source and device was included on Amendment 3 to the license.</p> <p>Mr. Quisenberry stated that he has not been to the site as yet and does not know the status of the devices on the site. He will determine via phone calls or if necessary visit the site this week and provide an inventory of the devices for the site.</p> | | | |
