Subject: update DFP		
<p>I contacted Mr. Avallone regarding the letter we sent to Ledoux dated April 6, 2005 requesting they update their DFP. I had not heard from Ledoux within 30 days and was following up to check on the status. Ledoux was under the impression that they had until December 2006 to update their DFP, based on the general letter dated February 2005 that went to all licensees with financial assurance. I informed Mr. Avallone that since the Ledoux SNM-296 license renewal was completed today, an updated DFP is required as part of the renewal process, which we have separated out as the actions listed above. Mr. Avallone will discuss this matter with the Ledoux General Manager, Bruce Peterson and their consultant Joel Antkowiak and get back to me within seven days as to when they will have the updated DFP completed.</p>		
Action Required/Taken: contacted licensee, requested status of reply to deficiency letter, awaiting reply from licensee as to when DFP will be completed.
