Dear Mr. Thompson,

Enclosed with this cover page, you'll find two sets of documents:

1. A letter dated April 21 from Shelby Leonard at Los Alamos National Lab to Samuel Collins (NRC Regional Administrator) documenting that a 431 mCi Am-241 source was removed from Princeton University and was placed into storage at NSSI.
2. A letter dated December 29, 2004, from Ecology Services, Inc. acknowledging the receipt of radioactive waste from Princeton University and documenting its arrival at RACE, LLC on December 20, 2004. This letter is accompanied by the processor-signed manifest. The source in question is the 144 mCi Cs-137 source listed on the second page of the manifest.

These are the two sources mentioned in Princeton University's request to amend License 29-05185-24 (Mail Control 136788). If you need any further information relating to the disposal of these sources, please do not hesitate to contact me at (609) 258-6252.
