Subject: Change of Radiation Safety Officer

Dear Dr. Lodhi:

03033421

We hold NRC byproduct material license number 29-30119-01. We would like to amend our license to reinstate Dr. Tibor Keler, Senior Director Preclinical Development as our Radiation Safety Officer. Mr. Mark Haydock, the Radiation Safety Officer listed, has left the company as of February 11, 2005.

Please note that Dr. Keler has previously served as RSO on this license and his records should be on file with you.

Please remove Mark Haydock and Ward Sauls from the license as they are no longer with Medarex.

If you have questions, please feel free to call me directly, 908-479-2433.

Sincerely,

Tibor Keler, Ph.D.
Senior Director, Preclinical Development
