Subject: Amendment Request  
License # 45-25187-01

Dear NRC:

03032638

Please amend our NRC License #45-25187-01 as follows:

- Remove Byproduct source Phosphorus 32 from the license. This product has not been used for more than 3 years. There is no standing inventory at this facility and there is no waste product of this material on site. All waste has been disposed of in accordance with 10 CRF Part 35.
- Remove Byproduct source Strontium 89 from the license. This product has not been used for more than 3 years. There is no standing inventory at this facility and there is no waste product of this material on site. All waste has been disposed of in accordance with 10 CRF Part 35.

Any questions regarding the above matter should be directed to the Radiation Safety Officer for this license.

Sincerely,

Teresa L. Crist  
Director Radiation Oncology  
Bon Secours Richmond
