Division of Nuclear Materials Safety

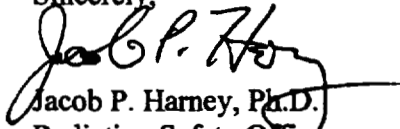

Subject: University of Hartford, License Amendment, Control No. 136861

Dear Dr. Jackson:

Included with this document please find the survey results from Rooms 349A and 349C Dana Hall at the University of Hartford. These results represent swipec surveys from the sink, lab benches, floors and door handles. As is evident there is no measurable radioactivity above background levels. Both rooms are now completely empty and all equipment and supplies pertaining to the current license are housed in Room 156 of the new Biology/Chemistry Building located at the north end of Dana Hall, University of Hartford, West Hartford, Connecticut.

With these survey results we request the official release of Rooms 349A and 349C Dana Hall from our present license. Dana Hall is scheduled for complete renovation beginning June 1, 2005.

Sincerely,

Jacob P. Harney, Ph.D.
Radiation Safety Officer
University of Hartford
