**SUBJECT: PHILADELPHIA HEALTH AND EDUCATION CORPORATION D/B/A
DREXEL UNIVERSITY COLLEGE OF MEDICINE, LICENSE AMENDMENT,
CONTROL NO. 136796**

Dear Dr. Stephenson:

This refers to your license amendment request dated March 2, 2005. Enclosed with this letter is the amended license. Please note that many license conditions have been updated. In addition, rooms 210 and 211 of the Bobst Building have been removed from your license. These rooms are no longer used under this license and are listed on another NRC license.

In a telephone conversation with Kent Lambert of your staff on May 20, 2005, he noted that this license was issued under the institution code for Hahnemann University Hospital. Please consider whether it is appropriate to ask NRC to terminate this license and reissue it under the institution code for Philadelphia Health and Education Corporation.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are available at the NRC web site at <http://www.nrc.gov/materials/miau/mat-toolkits.html> and <http://www.nrc.gov/who-we-are/governing-laws.html> or by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 9:00 p.m. EST, Monday through Friday (except Federal holidays).

L. Stephenson 2

Thank you for your cooperation.

Sincerely,
