ADM002

The purpose of this modification is to (1) correct the incremental funding amount obligated in Modification No. 11 to read "\$49,818.75", and (2) add a new optional task to the contract. Accordingly, the delivery order is hereby modified:

1. Section D.10, CONSIDERATION AND OBLIGATION, first sentence of the second paragraph, as modified in Modification No 9, is deleted and substituted with the following in lieu thereof:

"The amount presently obligated with respect to this order is \$3,284,510.20."

2. New section 4.6 describing Optional Task 4 is added to the statement of work of the contract as follows:

"4.6 Optional Task 4: E-Authorization

The Office of the Chief Information Officer (OCIO) has determined that users accessing protective order file material via the internet must be authenticated through the use of a digital certificate similar to that used in the Agency's Electronic Information Exchange. The contractor shall design, test and implement an e-authentication solution for the handling and access of POF material within the DDMS environment. POF material falls into the category of sensitive unclassified data and must be protected as such. The proposed solution must be based upon NIST Special Publication 800-53 Recommended Security Controls for Federal Information Systems and all other general NRC IT security requirements. The proposed solution should assume that the digital certificate server will be maintained and administered by OCIO."

Please note that this is an optional task. The contractor shall only perform the work described in this optional task when and if the Contracting Officer issues a modification exercising this option.

3. The attached price schedule for Optional Task 4 is hereby incorporated into and made a part of this contract.

The following is a summary of obligations from the date of award through this action:

FY2002 Obligations:	\$1,464,213.45
FY2003 Obligations:	446,000.00
FY2004 Obligations:	1,324,478.00
FY2005 Obligations:	49,818.75

Cumulative Total of NRC Obligations: \$3,284,510.20

This modification does not obligate funds.

All other terms and conditions of this order, including the ceiling price of \$3,284,510.20, remain the same.
