Re: Amendment to Material License
NRC Material License No. 24-32539-01 / Genesis Solid Waste Group, Inc.

Dear Ms. Pelke:

We wish to amend our above referenced NRC Material License as follows:

Addition of Donald Scheulen as a licensed nuclear gauge operator.

Mr. Scheulen's Certificate of Completion for his training course on Radiation Safety and Use of Nuclear Gauges is included as part of this amendment request.

Please notify us when this change has been made and please contact me should you have any questions regarding this request.

Respectfully submitted,

GENESIS SOLID WASTE GROUP, INC.
