Greetings:

We wish to amend our license #06-30265-01 as follows:

Please add an additional location at Union Square, Building 2, Southbury, CT. 06488

We have attached a drawing of the proposed areas of use. Shielding for radioactive waste and sealed sources will be arranged utilizing 1/8" inch lead lined cabinets and 2" inch lead bricks surrounding an L-block barrier within the hot lab.

We will follow the same precautions as currently in use at our Waterbury location.

Enclosed is a check for \$450.00 to cover this amendment for type 7.C license.

Sincerely,

Dave Votto, BSRT
Operations Manager
