Dan Hayes, a NYC license reviewer, confirmed that Dr. Horowitz is authorized for imaging and localization studies (35.200) on the Beth Israel license.

>>> Christopher Hott 05/31/05 11:00AM >>>

Duncan,

I am reviewing a license amendment request to add an AU to an NRC licensee. The request is for a doctor that is licensed at NYC Beth Israel Medical Center. When you have the opportunity, please verify that Steven Horowitz, M.D. is a current Authorized User under NYC license 91-2897-01 and that he is authorized for uses equivalent to our NRC 35.200 requirements.
Thanks,

Chris Hott
