

June 2, 2005

MEMORANDUM TO: Jack R. Strosnider, Director
Office of Nuclear Material Safety
and Safeguards

FROM: Larry Camper, Director **/RA DMG for/**
Division of Waste Management

SUBJECT: PAPER TO BE PRESENTED AT AMERICAN NUCLEAR
SOCIETY MEETING IN SAN DIEGO, CA, JUNE 8, 2005

Per Management Directive 3.9 and NMSS Policy and Procedure Letter, attached are slides to be used in a presentation by Andrew Persinko of my staff at the American Nuclear Society (ANS) Annual Meeting which will be held in San Diego, CA, on June 8, 2005. The presentation is part of a panel discussion entitled "Progress on the Movement Toward Risk-Informed Performance Based Standards." Mr. Persinko will be discussing a recently published ANS Standard (ANSI/ANS-2.26) entitled "Categorization of Nuclear Facility Structures, Systems, and Components for Seismic Design" and the risk-informed aspects of 10 CFR Part 70, some of which were used in the standard. Mr. Persinko was a member of the ANS working group that developed the standard and was invited by the ANS to make the presentation. There are no new or unresolved issues in the presentation. The presentation does not contain any classified, sensitive, unclassified, or nonpublic information.

Approval of the presentation slides should be indicated below and returned to Andrew Persinko.

Attachment: As Stated
