Steve, 03001128

Please remove Am-241 and Cd-109 from George Mason University's amended license (license #45-13147-01, control number 1366476). We do not and have not possessed Am-241 and our Cd-109 source was received as an exempt quantity.

Thank you for your assistance.

Diann R. Stedman
