Re: Amendment of Licenses
Philips Lighting Company
NRC Licenses # 29-20609-02E
NRC Licenses # 29-20609-03 03032010

Dear Mr. Courtemanche

I would like to request an amendment to the both our NRC licenses to replacing Paul Walitsky as the RSO and listing my name, Steve McGuire as the new RSO on the licenses. Paul recently retired from Philips.

I'm presently Manger of Environmental Affairs, Philips Lighting Company and responsible for Environmental Compliance for lighting in North America. I have been part of the lighting industry for 21 years working in maintenance, production and engineering. I am the patent holder for the (low mercury) ALTO products Philips offers and several other patents pending products as well. I hold a degree in Industrial Technology and have completed the 40 hours RSO training program from Radiation Safety and Control Services, Inc. in February 2005.

If you have any questions or need any additional information please call me at (732) 563-3189.

Thank you,

Steve McGuire
