### Welcome to DHR

Welcome to the Georgia Department of Human Resources home page. DHR touches the lives of all Georgians by providing about 80 programs that ensure their health and welfare.

These include programs that control the spread of disease, enable older people to live at home longer, prevent children from developing lifelong disabilities, train single parents to find and hold jobs, and help people with mental or physical disabilities live and work in their communities.

### Office of Child Support Enforcement Constituent Services Portal

The existing Where's My Child's Check online information service for child support recipients has been expanded to provide more information about the status of a child support case and more payment information.
